

Name: _____

Block: _____

Thanksgiving Extra Credit

Scenario 1:

Mrs. Becker loves Starbucks coffee. Today, while waiting to place her order for her upside-down low-fat white chocolate mocha with extra whipped topping and praline sprinkles, she noticed prices for three sizes that were available.

She could order:

Tall 12 oz \$3.55	Grande 16 oz \$4.25	Venti 20oz \$4.55
-------------------------	---------------------------	-------------------------

Part A: Which size is the better value (hint: Unit Rate): _____

Part B: Use what you know about unit rates to explain how you determined your answer. Use words, numbers, and/or symbols in your explanation.

Scenario 2:

Mrs. Klein’s Candy Dilemma

Since Halloween has just finished, and Mrs. Klein LOVES candy, she went shopping for leftover candy specials at the store. She went to three different candy stores all around New York City. First, she went to Economy Candy and bought 3 ounces of candy for \$4.50. Then, she went to one of her favorite places, Dylan’s Candy Bar. There, she spent \$9.06 for 6 ounces of candy. Her last stop was at The Sweet Life where candy was priced at \$5.96 for four ounces of candy. At which store did Mrs. Klein get the best deal?

(Show all of your work and explain how you found your answer)

Economy Candy	Dylan’s Candy Bar	The Sweet Life
